

# **Contents**

ZYGMUNT, Marek, BENDER, Hans Georg, and KÜNZEL, Wolfgang: Preface .....	7
---	---

## **Introduction**

HOFFMANN, Wolfgang, and THYRIAN, Jochen René: Population-Based Studies are Necessary to Study the Effect of Intrauterine Life.....	11
--	----

## **Exposures**

LUO, Zhong Cheng, DELVIN, Edgard, FRASER, William D., AUDIBERT, François, DEAL, Cheri I., JULIEN, Pierre, LEVY, Emile, and NUYT, Anne-Monique: Oxidative Stress and Fetal Programming.....	19
BAYOL, Stéphanie, and STICKLAND, Neil: Maternal “Junk Food” Diet and Post-Natal Development .....	21
DÖTSCH, Jörg: Nutritional Programming of Renal Function .....	27

## **Mechanisms**

VAN ASSCHE, Frans Andre: Diabetes in Pregnancy – Consequences for the Offspring .....	35
---	----

## **Outcome**

LANHAM, Stuart, ROBERTS, Carol, and OREFFO, Richard O. C.: Intrauterine Programming of Bone Development .....	41
TORRENS, Christopher: Developmental Origins of Cardiovascular Disease: A Role for Endothelial Dysfunction .....	45
PLAGEMANN, Andreas: Perinatal Programming and the Metabolic Syndrome.....	51
KAJANTIE, Eero: Preterm Birth – A Risk Factor for Chronic Adult Disease? .....	63

BELGARDT, Bengt: Impact of Fetal Insulin-Effect on Imprinting of Glucose Homeostasis ...	73
SAIGAL, Saroj: Psychopathology, Prematurity and Very Low Birth Weight.....	75
PAULUS, Wolfgang E.: Maternal Toxic Substance Use and Childhood Outcome.....	81

## **Intervention**

SIMMONS, Rebecca A.: Epigenetic Mechanisms in the Development of Type 2 Diabetes .....	85
ZYGMUNT, Marek, and FLUHR, Herbert: ART and Fetal Programming .....	91
VICKERS, Mark H.: Postnatal Obesity – What Can be Done in the Early Life Period? ...	95
OLAFSEN, Kåre Sten, RØNNING, John Andreas, ULVUND, Stein Erik, DAHL, Lauritz Bredrup, and KAARESEN, Per Ivar: Behavioural Outcomes and Perinatal Development .....	105
ROSEBOOM, Tessa: Prenatal Famine Exposure and Long Term Consequences for Adult Health .....	111
